

Jogglers Jottings – July 2026

Hello Jogglers past, present, and future

Welcome to the latest edition of Jogglers Jottings, where we present a round-up of joggling activity from 2026 so far. Remember that you can submit your joggling race results and photos through the [Joggling Results Archive](#).

Recent Joggling Highlights:

- **World Athletics Cross Country Championships, Tallahassee (10 January):** A joggling team lined up in the open race just hours after the elite fields had been through, tackling a course with water crossings, log jumps, and bridges thrown in on top of the usual challenge of keeping three balls in the air. **Samuel Dean (USA)** led the way over 4km in 14:55, with **Scott Jenkins (GBR)** the next juggler home in 16:58, followed by **Mark Fiore** (18:57), **Sterling Franklin** (19:53), **Will Howard** (22:33), **Barak Hirschowitz** (23:59), **Joann Ireland** (32:35), and **Albert Lucas** (48:57), all USA. A brilliant way to start the joggling year.
- **British Juggler Meet Up, Leeds (17 May)** - A great outing at the track to prepare times for the IJA Virtual Meet, With **Scott Jenkins, Chris Edwin, and Dominic Lodge** trying their hand at everything from the 100m up to the Mile, across 3, 4, and 5 balls. Scott set a new British Record in the [3b 800m \(2:16.34\)](#), whilst **Chris Edwin** (5:13.76) and **Dominic Lodge** (5:25.63) [climbed the 3b Mile Rankings](#).
- The previous day (16 May), the **3rd Lodge brother Joe** completed his first 3b 5km at **Myrtle Parkrun** (34:13). Sibling rivalry incoming?!
- **Karel Schuller (NED)** mixed things up with a Half Marathon time trial in 1:55:59 and an experimental 4b 5km at Karpendonkse Plas Parkrun (29:29, 20 drops), that extra ball clearly took some taming!
- **Blackpool Half Marathon:** Chris led the jogglers home in a spectacular 1:17:03 (0 drops). He now has the 2 fastest recorded 3b HM times. Dom finished in 1:28:01, setting a new PB and moving into 3rd in the British rankings.
- After a stellar 2025, **Samuel Dean (USA)** hasn't let up, bettering his 3b Mile (4:47) and 3b 10km (34:55) PBs. Members of the [Joggling Strava community](#) will have seen that his mileage has been climbing steadily, and there's a sense he could be [building towards something special](#) before 2026 is out...
- **Michal Kapral (CAN)** produced the standout endurance performance of the year so far: 75 miles juggled at the Utopia Backyard Ultra in Ontario in June, finishing in 17:58:13.

- **Rik Konings (NED)**, off the back of his EJC podium form, took on the Ultra Loop Sittard 6 Hours event, juggling a marathon distance within the six-hour window in exactly 6:00:01.
- There was plenty of other action in the marathon distance too: **Zach Becker (USA)** ran 3:20:07 at the Eugene Marathon, **Benjamin Chognot (AUT)** posted 4:03:01 at the Welschlauf, and **Henry Roessner (USA)** completed the Yuengling Shamrock Marathon Weekend in 4:30:52.
- **Stuart Humphries (GBR)** continued his Half Marathon progression, finishing Wokingham in 1:55:27 and [Reading](#) in 1:54:21 - a huge 14 minute improvement on 2025 to come crashing through the sub-2 barrier.
- **Attila Suszter (HUN)** featured in [Runner's Mag Hungary](#). The piece traces how his running built up gradually before he started combining it with juggling in 2023, and digs into the concentration, timing, and situational awareness needed to keep three balls up over long distances. Well worth a read, even for non-Hungarian speakers via translation.

Looking ahead

It's shaping up to be a big August. The [2nd European Juggling Championships](#) heads to Ptuj, Slovenia, as part of the [European Juggling Convention](#), with open time trials from 2–4 August, Relay & Sprint finals on 6 August, and a 1 Mile Road Race on 8 August. [Online Sign Up is open](#). Hope to see you there!

The IJA [Juggling Track Meet](#) (30 July) and [Juggling Distance Competition](#) (1 August) will be held in Fort Wayne, Indiana, USA. Thanks to **Sterling Franklin (USA)** for leading the organisation on these.

That's it for this edition of Jogglers Jottings. In the meantime, you can keep up to date with the juggling community on [Facebook](#) and [Strava](#). Until then, happy juggling!
